Bluejackets in the Blubber Room explores key events in US maritime history from the 1820s to the end of the Civil War through the biography of the sailing ship William Badger.

“Kurtz has skillfully placed the story of this vessel in a much broader context, both as a whaler and later as a store ship during the Civil War. What makes this book especially interesting is that it is not about a famous ship such as the CSS Virginia or USS Arizona, but a nondescript vessel, an ordinary sailing ship.”—William N. Still, author of Confederate Shipbuilding
