Warlord Games, Massimo Torriani : Bolt Action: Armies of the United States before purchasing it in order to gage whether or not it would be worth my time, and all praised Bolt Action: Armies of the United States:

0 of 0 people found the following review helpful. A great addition to the core rulebook By Nicholas Lindsay A great addition to the core rulebook, includes historically appropriate army lists to recreate battles at specific points in the war. A must have for anyone who enhoys the game and has an American army. 0 of 0 people found the following review helpful. Good times and good stuff. By R. T. Spencer Very well written and easy to use. A must for the American player. 0 of 0 people found the following review helpful. Five Stars By Steven Rowley Awesome!!

With this latest supplement for Bolt Action, players now have all the information they need to field the varied military forces of the United States of America. Entering the war after the attack on Pearl Harbor, the United States immediately went to war on several fronts. In Europe and Africa, the Americans battled against the Germans and

Italians, while in the Pacific the soldiers of the Army and Marines faced the forces of Imperial Japan. This book allows players to choose from dozens of different troop types including Sherman tanks, Marine raiders, and paratroopers, and build a US force to fight in any theatre of the war.

“This book contains all of the background, rules and Army List information needed to field a U.S. Army in the Bolt Action game. It features details of organization and equipment covering American forces from the beginning of their development in World War II. The book allows players to choose from dozens of different troop types, including Sherman tanks, Marine raiders and paratroopers.” ?Model Retailer (May 2013)“lavishly illustrated with color illustrations and fantastic photos of military miniatures. It is designed to equip wargamers to choose from dozens of troop types to campaign in any theater of the war. Everything from Army infantry and paratrooper to Marine raiders, artillery and Sherman tanks are detailed.” ?Toy Soldier Model Figure Magazine“Armies of the United States is more than just a book of army lists, far more. Almost every page features several full-color photographs of some excellent WWII miniatures -- figures, armament, vehicles, tanks, etc. are all here. There are also several excellent dioramas and vignettes which give the gamers some interesting 'eye candy' to help them with setting up their own gaming tables. Author Massimo Torriani and a team of gamers, painters, historians, researchers, playtesters, and other support staff have collaborated in creating a book that has much wider appeal than just the folks who use the Bolt Action rules. General WWII gamers will appreciate the army lists and composition and the background information on the equipment, artillery, tanks, and vehicles. WWII buffs will find much of value in here as well.” ?Scott L. Mingus, CHARGE! Civil War Wargaming“...provides a fine supplement to Bolt Action for players of the war game and provides all the information needed on the military forces of the US. Players can choose from different troop types, from tanks to Marine raiders, and can build a US force to fight in virtually any war scenario using this all-encompassing guide. Army lists and theater selectors accompany color photos, detailed rules, and team specifics, making this a powerful wargamer's reference.” ?The Midwest Book (April 2013)About the AuthorWarlord Games is one of the foremost producers of historical miniatures in England. Their line of 28mm plastic wargaming figures is considered the industry gold standard and Bolt Action is the first ruleset to formally utilize those soldiers for a Warlord-branded wargame.
