**F. Arturo Rosales, Francisco A. Rosales : Chicano! The History of the Mexican American Civil Rights Movement (Hispanic Civil Rights)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Chicano! The History of the Mexican American Civil Rights Movement (Hispanic Civil Rights):

0 of 0 people found the following review helpful. Five StarsBy Raymond H. Vegagot what I expected9 of 9 people found the following review helpful. NiceBy PiggyI like this book better than "The Course of Mexican History", which was also required for my class.It looks like a bunch of articles but read like a textbook. Black and white print. Nicely organized sections.A rather interesting read that shows you both sides of Mexican and American mistreatment, instead of painting one side as the villain.0 of 0 people found the following review helpful. Five StarsBy CustomerSatisfied

Illustrated, many photos: basis for TV series

From Library Journal In this companion volume to the 1996 PBS series of the same name, Rosales (history, Arizona State Univ.) describes the ten-year period of the Chicano movement from about 1965 to 1975. The author also situates the political movement of this time period in the historical context of 19th- and early 20th-century political activity. As such, his work is a valuable historical summary of political activism of Latinos of Mexican descent. An underlying theme is the discussion of their role in the overall American Civil Rights movement of the Sixties and Seventies. The value of Rosales's book is enhanced by the use of interview transcripts done for the TV series. The volume will be valuable for all libraries with collections on U.S. history. ?Mark L. Grover, Brigham Young Univ., Provo, Utah Copyright 1996 Reed Business Information, Inc. From Booklist Rosales offers a sorely needed chronicle of the fastest-growing so-called minority population in the U.S. He reaches back to the Mexican-American War, as a result of which Mexican territory was cut in half and tens of thousands of Mexicans became Americans overnight. The author then discusses the Mexican Revolution and its effect on emigration. The book is an education and inspiration; particularly, the moving chapter on the United Farm Workers and its founder and leader, Cesar Chavez, will give light and hope to anyone who has doubts about the power of love and peace to move and change social, political, and economic ills. Raul Nino "Based on a four-part PBS documentary, this excellent history of the Mexican-American civil rights movement examines both individuals and issues which formed the movement from 1965-75, providing an important history of affirmative action efforts and works. From the rise of Chicano nationalism to struggles for various reforms, this is an involving study essential for any comprehensive collection on ethnic history." --Midwest Book
