Barry Moreno : Children of Ellis Island (Images of America) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Children of Ellis Island (Images of America):

2 of 2 people found the following review helpful. Great book to introduce children to the hardships of immigration. By cricketsMy 10 year old grandson was doing a project in school and I purchased this book, especially because it had tons of pictures of immigrants coming into the United States through Ellis Island. The fact that the book is dedicated to children made it incredibly easy for him to relate to. He asked questions (which I had to research since I was born in the U.S.) and received an A+ on the project he was working on.4 of 4 people found the following review helpful. Ellis

IslandBy Dolores M. GellyA nice addition to my library about Ellis Island. It seems that the children were well cared for, in most cases, but it is very sad when they were rejected for physical problems.0 of 0 people found the following review helpful. An interesting book with many photos throughoutBy Linda TowleI loved all the photos throughout the book! I went to visit the museum on Ellis Island and so the book was especially interesting to me.

Burdened with bundles and baskets, a million or more immigrant children passed through the often grim halls of Ellis Island. Having left behind their homes in Europe and other parts of the world, they made the voyage to America by steamer. Some came with parents or guardians. A few came as stowaways. But however they traveled, they found themselves a part of one of the grandest waves of human migration that the world has ever known. Children of Ellis Island explores this lost world and what it was like for an uprooted youngster at America's golden door. Highlights include the experience of being a detained child at Ellis Islandthe schooling and games, the pastimes and amusements, the friendships, and the uneasiness caused by language barriers.

About the AuthorAuthor Barry Moreno is employed at Ellis Island and has written two other books in the Images of America series, Ellis Island and The Statue of Liberty, as well as the Encyclopedia of Ellis Island and Italian Americans.
