Clayborne Carson, Myrlie Evers-Williams, Mark Bauerlein, Todd Steven Burroughs, Ella Forbes, Jim Haskins : Civil Rights Chronicle (The African-American Struggle for Freedom) before purchasing it in order to gage whether or not it would be worth my time, and all praised Civil Rights Chronicle (The African-American Struggle for Freedom):

0 of 0 people found the following review helpful. I purchased this as a gift for my father to share with my younger siblings and they are extremely pleased. By RIIThroughout the years my father and I have seen a number of books that covered this subject matter. After reviewing the Civil Rights Chronicle, we both agreed that this was one of the most thorough and thoughtful presentations on the subject matter. I purchased this as a gift for my father to share with my younger siblings and they are extremely pleased. 0 of 0 people found the following review helpful. Civil rights

referenceBy D. MaloneA book I think should be in every public and school library. No one book tells all or could include every incident and every hero or villain but this book did its best. It captures the feel of the times with photos and written material. Author gave an objective perspective naming the names, the issues and their timelines without commentary. (I put the labels on the saints and the sinners) A lot of the events I remembered but I didn't know the "back story" and some I never had heard of. It was a great source of information for discussion on facing our fears, who stood up, and why did it take a struggle for civil rights.0 of 0 people found the following review helpful. Great Reference and RemembranceBy QsealThis book has great information for any student of recent American History. I was a child during the 50's and 60's in Montgomery, Alabama and the book has reminded me of many events that shaped my community and my outlook on life in the USA. This is a great source of information that was not available in our newspapers and history books.

The Civil Rights Chronicle recounts the details and drama of the American civil rights movement, the decades-long struggle for equality for all people. This comprehensive, 448-page book primarily focuses on the years 1954 through 1968, while also documenting the radical shift in the movement after the 1960s as well as significant civil rights issues up to the present day. Written by noted scholars, the chronicle offers: A foreword by Myrlie Evers-Williams, wife of former NAACP field secretary Medgar Evers, who was assassinated in 1963. A 1,200-item timeline that marks significant points along the battle for civil rights, from the Brown v. Topeka Board of Education decision to the assassination of movement leader Martin Luther King, Jr. Essays describing 26 watershed events, such as the Montgomery bus boycott, crisis at Little Rock High School, sit-ins, and freedom rides. Decade-overview essays that give readers a big picture perspective, including the impact of the Depression on African Americans in the 1930s to the rolling back of affirmative action in the 1980s. More than 80 sidebars on such subjects as Thurgood Marshall, the 1965 Voting Rights Act, letter from a Birmingham jail, and the black power salute at the 1968 Olympics. More than 20 first-hand accounts from those directly involved in the civil rights struggle, including Rosa Parks and Little Rock student Elizabeth Eckford. More than 900 photographs that visually tell the story of the African American struggle for civil rights, such as images of the Birmingham church bombings and the March on Washington.The Civil Rights Chronicle is part of Legacy Publishing's historical series.
