As the reader is sure to discover in *Civil War Milledgeville: Tales from the Confederate Capital of Georgia*, the division between combatant and civilian at the local level is not always clear. With a natural curiosity to unearth the unknown, local Milledgeville author and historian Hugh T. Harrington has put forth a collection of tales and personalities that have until now gone untold or were forgotten. *Civil War Milledgeville* shows that it is these often forgotten events and people that have shaped our larger understanding of the Civil War. From a women's riot to a confederate cavalry rescue, Hugh recounts local stories of heroism and cowardice, of success and strife, which illuminate the history of Milledgeville.
