Anyone who values personal freedoms and liberty should read this book!By TKGooberVery interesting and informative. America was founded as a confederacy. Washington and Jefferson both referred to it as such. That is why the Southern states chose that name for their new country in 1861. They wanted the original government that the founders had intended, not the big government that liberal Lincoln was shoving down their throats.

Whether you're a Conservative, Liberal, Libertarian, or Independent, this ground-breaking book is a must-read! Thanks to the ongoing efforts of progressives, the stunning facts about the relationship between conservatism and confederation have been all but lost, hidden beneath an avalanche of misinformation and disinformation created by those who don't want you to know the truth! Were you aware, for instance, that the United States of America began as a confederacy in 1781, that this was the preferred form of government of the Conservative Founding Fathers, that there were ten Confederate presidents of the U.S. before George Washington, and that the U.S. was literally known as "the Confederate States of America" by both Americans and foreigners well into the 1800s? Did you know that the Southern Confederacy of 1861 was created, not to destroy the Union as pro-North partisans claim, but rather to continue the Founders' original Confederate States of America, and that this is why the South gave itself this same name? In *Confederacy 101: Amazing Facts You Never Knew About America's Oldest Political Tradition*, award-winning scholar Colonel Lochlainn Seabrook gives the reader a brief but jam-packed crash course on the history of confederation. Profusely illustrated, thoroughly researched, and clearly written, this enlightening work contains 84 little known, little discussed facts about America's many confederacies, dating from ancient times into the present. You'll learn why the Conservative American Founders chose to confederate the original 13 colonies, why Liberals immediately set out to undermine the first Confederate States of America, why small government Conservative Jefferson Davis and the traditional South tried to resuscitate it in 1861, and why big government Liberal Abraham Lincoln and the progressive North went to war in an attempt to crush it. For academics Colonel Seabrook has provided an index, extensive notes, and a comprehensive bibliography. Discover for yourself why the old Confederacy stills burns brightly in the hearts of millions of Conservative Southerners, as well as lovers of liberty around the world. Read this explosive book, the first and only one of its kind, and share it with your family, friends, and coworkers. It's time to bring a halt to the Left's gradual demolition of the U.S. Constitution and reinstate the confederate ideals intended by the Founding Generation. This book will help lead the way! Civil War scholar Lochlainn Seabrook, a descendant of the families of Alexander H. Stephens and John S. Mosby, is the most prolific and popular pro-South writer in the world today. Known as the "new Shelby Foote," he is a recipient of the prestigious Jefferson Davis Historical Gold Medal and the author of over 50 books that have introduced hundreds of thousands to the truth about the War for Southern Independence. A seventh-generation Kentuckian of Appalachian heritage and the sixth great-grandson of the Earl of Oxford, Colonel Seabrook has a forty-year background in American and Southern history, and is the author of the international blockbuster *Everything You Were Taught About the Civil War is Wrong, Ask a Southerner!* His other books include: *The Great Yankee Coverup: What the North Doesn't Want You to Know About Lincoln's War!*; *Everything You Were Taught About American Slavery is Wrong, Ask a Southerner!*; *Give This Book to a Yankee! A Southern Guide to the Civil War For Northerners*; *Slavery 101: Amazing Facts You Never Knew About America's Peculiar Institution*; *Women in Gray: A Tribute to the Ladies Who Supported the Southern Confederacy*; and *Confederate Flag Facts: What Every American Should Know About Dixie's Southern Cross*.

"This is truly a great book! Worth every penny! Packed with a lot of information. One can refer to it over and over. It covers what its title mentions. But it also covers the War." - JOHN BULL BADER "Great read folks. I learned a lot from this book. A must read!" - JOHN EVANS "'Confederacy 101' is a very interesting and very informative book, and very accurate. I will be ordering more of your books. I love them!! Long live Dixie!!" - LINDA SUITOR FOUNTAINE "Good book. I have read it many times." - JEFFREY COOKAbout the AuthorAward-winning historian, scholar, and the world's most prolific and popular pro-South author.
