Bennett H. Young : Confederate Wizards of the Saddle before purchasing it in order to gauge whether or not it would be worth my time, and all praised Confederate Wizards of the Saddle:

0 of 0 people found the following review helpful. Confederate wizards of the saddle By valette I liked this book because I enjoy reading history through the eyes of those who lived it. Young is a fairly good story teller, but as many of the writers of his time he can be flowery. Some of the information was new to me and that was interesting. He dealt with most of the well known Calvary leaders of the south. 0 of 0 people found the following review helpful. but a good read

of many of the Confederate cavalry exploits. By reader: The writing is a bit flowery, a few minor errors, but a good read of many of the Confederate cavalry exploits. 0 of 0 people found the following review helpful. Great value. By Kindle Customer: Condition of book as described. Great value.

The Confederate cavalymen, with their chivalric manners and death-defying exploits, were the last of their kind to take part in large-scale military conflict. Included are chapters on J. E. B. Stuart, Nathan Bedford Forrest, Wade Hampton, John Mosby, John Hunt Morgan, and many more.

About the Author: Bennett Young was a Kentuckian who joined the cavalry command of John Hunt Morgan at the age of eighteen. He was captured and sent to Canada as a prisoner, where he escaped and led twenty-five Confederates on a raid against St. Albans, Vermont.
