John R. (ed.) Elting : Military Uniforms in America The Era of the American Revolution 1755-1795 before purchasing it in order to gage whether or not it would be worth my time, and all praised Military Uniforms in America The Era of the American Revolution 1755-1795:

0 of 2 people found the following review helpful. Nice but incompleteBy Justin BittickI got this book used and, therefore, cheap. If I had paid full price I would have been mightily upset. The plates are excellent. The text is good. The problem is that coverage is sparse. Select British and American units are covered, mostly during the AWI period-- but a limited selection. There isn't a lot on the French and Indian War. The French receive little more than an honorable mention for the entire period. There are much better books out there but this is nice for what it covers--if you can get it cheap.
