An interesting diaryBy MarieI chose this rating because we have researched as much family history as possible and here is

a book about my gggrandfather with more information. It held my interest for obvious reasons, but it is not a book that would interest someone that wants action and adventure. It is very interesting for knowledge about the civil war era and it is valuable for learning about every day lives of the people of Hawkins Valley and others of that era. It is much more attention grabbing than my diary.

This novel relates the dreams, heartaches, and romance revealed in a young girl's diary. It is a fascinating true story about Nannie Kinkead Etter, the author's grandmother, who lived those tender years during the Civil War era. The book details her life at home in Hawkins County, Tennessee, and at school in Asheville, North Carolina.

About the Author Margaret Lyons Smith graduated in speech and drama from King's School, Pittsburgh, Pennsylvania in 1920. Later she taught these arts at the high schools of Hawkins County in Tennessee. She was also a proofreader at the Kingsport Press, Inc. in Kingsport, Tennessee for many years.
