Peter Abbott, Philip Botham : Modern African Wars (1) 1965-80 : Rhodesia (Men at Arms Series, 183) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Modern African Wars (1) 1965-80 : Rhodesia (Men at Arms Series, 183):

4 of 4 people found the following review helpful. Rhodesia Bush War By K.Schneider Another great book put out by Osprey (actually 3 book series on Africa). Volume 1 is on the Rhodesia Bush War 1965-1980. This 48 page booklet is full of historical text, photos, drawings and technical data. It is a great intro book into the wars of Africa which have been fought from 1960 until the present. It is one of the best small books I have read with a lot of info packed into a book. Great book at any price. 0 of 0 people found the following review helpful. We all need to know. By

boznremtpThis is an informative book that anyone interested in history can rapidly read and understand the cause and effects of current modern wars in Africa.1 of 1 people found the following review helpful. Do not forget RhodesiaBy LeeThis is another excellent history from Osprey . They keep the book length short and yet are able to give a good overview of this mostly misunderstood war . I recomend it . Lee

The Rhodesian War of 1965–80 is the battle for control of present day Zimbabwe. The former British colony of Southern Rhodesia rejected British moves towards majority rule and on 11 November 1965 the Rhodesian Prime Minister Ian Smith announced his country's Unilateral Declaration of Independence from Great Britain. That act sparked a series of violent encounters between the traditional colonial army and the African guerilla insurgents of the Patriotic Front. This book examines the successes and failures of the counter-insurgency campaign of Smith's security forces and the eventual bloody birth of a modern African nation.

From the PublisherPacked with specially commissioned artwork, maps and diagrams, the Men-at-Arms series is an unrivalled illustrated reference on the history, organisation, uniforms and equipment of the world's military forces, past and present.About the AuthorPeter Abbott is a retired university lecturer. He has written or co-authored a number of Men-at-Arms titles for Osprey, including Men-at-Arms 131 Germany's Eastern Front Allies 1941-45 and MAA 202 Modern African Wars 2: Angola and Mozambique. He is particularly interested in 19th and 20th century armies that are less well known to the English speaking reader.
