1 of 1 people found the following review helpful. SubmarineBy Steve HeinzeBook replaced mine lost while moving. Good reference book with lots of illustrations and photos. I am pleased with this purchase.5 of 5 people found the following review helpful. Kids book of pictures, not worth \$2.00!By Stewart F. DaviesLaks most significant data and has amatureish art work. Somebody made this for the money and did not do that well. Not worth the \$3.95 SH!0 of 0 people found the following review helpful. Five StarsBy sorana sethaputragood book

In 1945 when World War II ended, a new type of warfare began. this book follows the development of the submarine from the Cold War onwards, with key information about the world's modern submarines, and is an essential reference book for anyone interested in naval history..
