9 of 9 people found the following review helpful. Very so-so guideBy markwarehimselfThe Cabo San Lucas section was in many ways out of date or simply inaccurate. Very few of the great restaurants were mentioned and some that were are no longer in business. The section on Panga fishing actually recommends fishing out of San Jose del Cabo which shows a profound ignorance of that sport. The section on snorkeling is several years out of date. There is much better information online. Save your money.2 of 2 people found the following review helpful. Yet another great guide

from MoonBy Avid ReaderYet another great guide from Moon. Used this for my week in Cabo San Lucas, with a visit to San Jose del Cabo. Spot-on restaurant reviews, and lots of details and guidance for all the activities in the Cabos area. Looking forward to returning one day to explore Todos Santos and La Paz....3 of 3 people found the following review helpful. Not that helpfulBy J SecordNot all that helpful - had a few nice pictures but not that many. I found more helpful information on Tripadvisor and other websites.
