**Theodore Ayrault Dodge : Napoleon: A History of the Art of War. Volume 2: From the beginning of the Consulate to the end of the Friedland Campaign, with a detailed account of the Napoleonic wars** before

purchasing it in order to gage whether or not it would be worth my time, and all praised Napoleon: A History of the Art of War. Volume 2: From the beginning of the Consulate to the end of the Friedland Campaign, with a detailed account of the Napoleonic wars:

2 of 6 people found the following review helpful. Poor printing qualityBy Scott LewisThis is not a review of the text, only a review of the printing. A number of the images, most notably portraits, appear as grey/black blocks on the pages in my copy of the book. Some are faintly distinguishable, others are simply black squares. Thankfully the maps appear to be correct and are printed as they appear in Dodge's other books.

This Elibron Classics book is a facsimile reprint of a 1907 edition by Gay and Bird, London.
