Philip Haythornthwaite : Napoleon's Commanders (1): c.1792–1809 (Elite) (Vol 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Napoleon's Commanders (1): c.1792–1809 (Elite) (Vol 1):

MotoyamaNot a typical Osprey book in that it covers a number of personalities in such a small space; however, if you understand this, you'll be very happy with the book. The illustrations alone are worth it. If anything it'll give some otherwise unknown anecdotal info that'll have you wanting to do more research.2 of 2 people found the following review helpful. Great illustrationsBy A CustomerI bought this book for only one purpose, the illustrations by P Courcelle, never mind the text! I have seen this artist's works in other books but he has particularly excelled himself in this book. His drawings have a certain vitality and the colours are fantastic. It also helps that the costumes of some of Napoleon's commanders

bordered on the extravagant!

Victory or defeat on the Napoleonic battlefield was dependent on the skills, reactions and personalities of individual commanders. Even under a military genius such as Bonaparte, the dispersal of his armies on campaign and the lack of fast communications left command and control of the different corps and divisions in the hands of his marshals and generals. Illustrating the appearance of more than two dozen of Napoleon's leading colleagues and subordinate commanders, this first in a pair of Elite titles describes in concise but colourful detail their careers and personalities in the Revolutionary Wars and the Napoleonic campaigns up to 1809.

From the Publisher An unrivalled illustrated reference source on fighting men and commanders, past and present. Each volume is packed with full colour artwork, making military history uniquely accessible to enthusiasts of all ages. About the Author Philip Haythornthwaite is an author and historical consultant specialising in the military history, uniforms and equipment of the 18th and 19th centuries. His main area of research covers the Napoleonic Wars. He has written some forty books, including more than 20 Osprey titles, and innumerable articles and papers on military history, but still finds time to indulge in his other great passion: cricket.
