STEPHEN MAUGHAN : Napoleon's Line Cavalry: Recreated in Colour Photographs (Europa Militaria Special) before purchasing it in order to gage whether or not it would be worth my time, and all praised Napoleon's Line Cavalry: Recreated in Colour Photographs (Europa Militaria Special):

0 of 0 people found the following review helpful. GREAT BOOK!By Maria ValandraThe response was great and I received the book within ten days. I have been looking for accurate uniform photos for awhile and sure glad I was able to find this book on .1 of 1 people found the following review helpful. Puts all of my other Napoleonic uniform books in perspectiveBy Pedro P.The photos of the reenactors in this book make you realize what all other artist renderings were trying to achieve in other books. It stirs the imagination. The units covered are a bit limited and quite sanitized, but this book is invaluable in providing a frame of reference for all of your other Napoleonic books (I know you own

others)0 of 0 people found the following review helpful. Reinactor PhotosBy S. SmithThis series of books is a nice one for anyone interested in the uniforms of the Napoleonic wars. Instead of color plates, you get actual uniforms being worn by live people. Pages and photos are both of high quality.

The hobby of historical re-enactment has come a long way over the past decade, attracting dedicated students of many aspects and periods of history to this uniquely engaging form of practical research.The ever-fascinating Napoleonic period is well represented, and groups of knowledgeable enthusiasts in many European countries have been formed to recreate the uniforms and equipment, and to practice the drills and tactics, of these colorful armies.This remarkable collection of 180 color photographs - taken during four seasons of re-enactment events through Europe - brings to vivid life the Chasseurs and Lancers, Hussars, Dragoons and Cuirassiers of Napoleon's armies.
