Instead of leaving the America which treated him as a commodity in his youth to start a life or community elsewhere he embraced America and worked his entire life to make American's see it's true potential when it's ostensible values are actually adhered to. After his first wife passed away he married a white woman at a time when ALL the South and some of the North still had anti-miscegenation laws on the book. Lincoln may have 'freed' the slaves but Mr. Douglass helped them understand their inherent worth and dignity.
