Mark Lardas : Nashville 1864: From the Tennessee to the Cumberland (Campaign) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Nashville 1864: From the Tennessee to the Cumberland (Campaign):

In September 1864, the Confederate army abandoned Atlanta and were on the verge of being driven out of the critical state of Tennessee. In an attempt to regain the initiative, John Bell Hood launched an attack on Union General Sherman's supply lines, before pushing north in an attempt to retake Tennessee's capital---Nashville. This fully illustrated book examines the three-month campaign that followed, one that confounded the expectations of both sides. Instead of fighting Sherman's Union Army of the Tennessee, the Confederates found themselves fighting an older and

more traditional enemy: the Army of the Cumberland. This was led by George R. Thomas, an unflappable general temperamentally different than either the mercurial Hood or Sherman. The resulting campaign was both critical and ignored, despite the fact that for eleven weeks the fate of the Civil War was held in the balance.

About the Author Mark Lardas holds a degree in Naval Architecture and Marine Engineering, but spent his early career at the Johnson Space Center doing Space Shuttle structural analysis, and space navigation. An amateur historian and a long-time ship modeller, he is currently working in League City, Texas. He has written extensively about modelling as well as naval, maritime, and military history.
