Phil Oliver : Navy Official Records of the Civil War before purchasing it in order to gage whether or not it would be worth my time, and all praised Navy Official Records of the Civil War:

2 of 2 people found the following review helpful. The "Bible" of Civil War Naval Research!!By Gary L. MatthewsA collection of thousands of documents containing orders, accounts of engagements, crew data and administrivia -- all written by Naval officers on the scene. Though it can be rather boring at times, it is THE SOURCE for all kinds of historical and genealogical information on the Civil War Navy and its personnel. The text of 27 volumes (@800 pages, each) on one SEARCHABLE CD!! Gotta love technology!!

Contains 30 volumes of the Navy Official Records from 1861-1865, including dispatches and reports of engagements of both the Confederate and Federal navies.
