And yes, I know, movies seldom stick to the actual book, but this book is just plain difficult to drive your eyes through.0 of 0 people found the following review helpful. The Germans stole everything not nailed down and the Americans ...By SupermonkeyThe Germans stole everything not nailed down and the Americans stole it all from them.The real losers being Jews,museums,and European governments.0 of 0 people found the following review helpful. Great StoryBy Fred FanningVery good book about the history of the American Army Government in Germany. The book is filled with information and weaves a very familiar picture of crime and cover-up.

Nazi Gold is the real-life story of the theft of a fabulous treasure—the German national gold and foreign currency reserves, which disappeared in transit following the collapse of the Nazi regime in 1945. The authors' quest led them to a murky, dangerous, post-war world of racketeering, corruption, and gang warfare. Their reporting, matching eyewitness testimony with recently declassified Top Secret documents from the US Archives, lays bare this monumental crime in a narrative which throngs with SS desperadoes, a redheaded queen of crime, American military governors living like kings, and investigators impeded at every step and in fear of their lives. This fully updated edition of Nazi Gold includes startling evidence that throws further light on the crime, including the authors' recent discovery of some of the missing treasure in the Bank of England.

"Reads like the sleazy world described in Graham Greene's Third Man with several noughts added to the transactions" * Daily Express * "A major feat of detection . . . a remarkable story . . . the murky post-war world of racketeering and corruption . . . it is all here . . . they have solved the mystery as far as anyone could solve it" * Birmingham Post * "A riveting thriller-style account of what happened to the Nazi gold hoard" * The Guardian *About the AuthorIan Sayer is a transport executive and one-time truck driver and insurance clerk. His interest in Nazi gold was first aroused by the Guinness Book of Records' account of the greatest robbery of all time. He began his extensive search for this book back in 1974. Douglas Botting is a writer whose previous books reflect his interest in travel, exploration and twentieth century war. These include Aftermath in Europe, In the Ruins of the Reich and Gavin Maxwell: A Life.
