**Brian Lavery : Nelson's Navy: The Ships, Men, and Organization, 1793-1815 (Spring Symposia)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Nelson's Navy: The Ships, Men, and Organization, 1793-1815 (Spring Symposia):

0 of 0 people found the following review helpful. Very useful for research about the British navy during Nelson's timeBy M. Ellie HallVery useful for research about the British navy during Nelson's time. I am not the most knowledgeable person on this subject, but I have found it helpful in expanding what I do know.0 of 0 people found the following review helpful. A MUST BUY!By Michael W. BellIf you ever want to know ANYTHING about the Royal Navy during the Napoleonic era, this is THE book to buy. It's so full of information it's almost as heavy as an old oaken ship-of-the-line!0 of 0 people found the following review helpful. Five StarsBy Don Farrvery good book, no problems with order

First published in 1990, this encyclopedic yet highly readable work gives an indepth description of the Royal Navy in Lord Nelson's time. Filled with over four hundred illustrations, the book is divided into fourteen sections that deal with the design and construction of ships, the navy's administration, and life at sea. Other topics include shiphandling and navigation, gunnery techniques and fighting tactics, and a discussion of foreign navies of the day. Nelson's Navy is an important source book for the naval historian, a valuable reference for the enthusiast, and a revelation to the general reader.

From the Inside Flap  
With a foreword by Patrick O'Brian, Nelson's Navy is the definitive reference work on the British Navy in the Napoleonic era for individuals with an interest in the workings of the greatest fleet of the sailing era. Written by one of the world's leading authorities on the sailing navy, the book contains considerable original research to give a clear and authentic picture of the British navy as a coherent yet complex whole.  
About the Author  
Brian Lavery is the guest curator of the exhibition Victory 250 at Chatham Historic Dockyard. He has written more than thirty books on maritime history including the highly successful Nelson's Navy and Empire of the Seas.
