Elie Wiesel : Night before purchasing it in order to gauge whether or not it would be worth my time, and all praised Night:

3 of 3 people found the following review helpful. So powerful! So Moving!By RtisticMeI loved this book, though I was horrified by what I was reading. Elie Wiesel suffered great loss and tragedy and saw such atrocities! And he brought me along with him. To read his perspective of what was happening around him at such a young age was gut wrenching. If you are interested in the Holocaust, it is a must read. I just happened to read it before visiting the Holocaust Museum in DC. It made all of the difference to me. I could hear Mr. Wiesel's words. I could smell the smells and hear the sounds, yet not a word was spoken in the museum. I would recommend this to anyone and everyone. Both of my children have to read it for school and I am thrilled that they will learn from a first hand account.0 of 0 people found the following review helpful. Lest we forgetBy BarbaraIt is hard to rate or review like "Night". The written descriptions are so vivid and tragic, you wish no one ever had to go through something so horrific. This should be a must read for all humans, to allow us to better empathize with one another on a human level, no matter race, religion or creed.1 of 1 people found the following review helpful. A Very Important BookBy Orville WrightI was not aware of this book until the announcement of Elie Wiesel's death recently. This is an important and well written book about the horrors of the Nazi death camps from the perspective of a victim who was lucky enough to survive the end of the war. I wish I had read this book years ago. I find it incredible that there are still people who deny that the holocaust even happened. This book is a testament to their willful blindness.

Night -- A terrifying account of the Nazi death camp horror that turns a young Jewish boy into an agonized witness to the death of his family...the death of his innocence...and the death of his God. Penetrating and powerful, as personal as The Diary Of Anne Frank, Night awakens the shocking memory of evil at its absolute and carries with it the unforgettable message that this horror must never be allowed to happen again.

.com In Nobel laureate Elie Wiesel's memoir Night, a scholarly, pious teenager is wracked with guilt at having survived the horror of the Holocaust and the genocidal campaign that consumed his family. His memories of the nightmare world of the death camps present him with an intolerable question: how can the God he once so fervently believed in have allowed these monstrous events to occur? There are no easy answers in this harrowing book, which probes life's essential riddles with the lucid anguish only great literature achieves. It marks the crucial first step in Wiesel's lifelong project to bear witness for those who died. "To the best of my knowledge no one has left behind him so moving a record." -- Alfred Kazin "Wiesel has taken his own anguish and imaginatively metamorphosed it into art." -- Curt Leviant, Saturday Language NotesText: English (translation) Original Language: Yiddish
