Derek Offord : Nineteenth Century Russia: Opposition to Autocracy before purchasing it in order to gauge whether or not it would be worth my time, and all praised Nineteenth Century Russia: Opposition to Autocracy:

This new Seminar Study provides students with a rewarding introduction to nineteenth-century Russia. This period of

Russian history is, of course, characterised by the flowering of an enormously rich intellectual and cultural life, the origins of which lie in the intelligentsia's opposition to autocratic rule. Here, Professor Offord introduces the reader to the period while focusing particularly on the rise of radicalism. The book opens with two scene-setting chapters: one looking at the political and social structure peculiar to Russia, and the second looking at the cultural and intellectual background. Then, within a chronological framework, the author examines all the great 'events' in the history of Russian radicalism - from the Decembrist Revolt in 1825, to the 'going to the people' in 1874, and the assassination of Alexander II in 1881. However, throughout the text sustained attention is given to the intellectual dimension of nineteenth-century Russian history. Professor Offord examines all the major schools of thought and looks in detail at all the great thinkers of the day, including Chaadaev, Belinsky, Herzen, Chernyshevsky, Bakunin and Tolstoy. This new book will provide essential reading for anyone studying nineteenth-century Russia. Lucid, accessible and immensely readable, it is a formidable achievement.

From the Back Cover; Seminar Studies in History... provide a means of bridging the gap between specialist articles and monographs and textbooks. They are written by acknowledged experts on the subject who are not only familiar with current thinking but have often contributed to it. Their format, well-tryed and effective, combines information, analysis and assessment effectively. The selections of documents, included from the outset of the series when document work was hardly in vogue in schools, not merely illustrates points made in the text but provides an effective medium for discussion on the issues raised. The further reading guide has stimulated countless students to take their interests further. The structure of the series may not have changed through time but the format has, with attractive four-colour covers and larger pages.... Seminar Studies are still, despite all the opposition, a market leader. Teaching

History _____ This new Seminar Study provides students with a rewarding introduction to nineteenth-century Russia. This period of Russian history is, of course, characterised by the flowering of an enormously rich intellectual and cultural life, the origins of which lie in the intelligentsia's opposition to autocratic rule. Here, Professor Offord introduces the reader to the period while focusing particularly on the rise of radicalism. The book opens with two scene-setting chapters: one looking at the political and social structure peculiar to Russia, and the second looking at the cultural and intellectual background. Then, within a chronological framework, the author examines all the great 'events' in the history of Russian radicalism - from the Decembrist Revolt in 1825, to the 'going to the people' in 1874, and the assassination of Alexander II in 1881. However, throughout the text sustained attention is given to the intellectual dimension of nineteenth-century Russian history. Professor Offord examines all the major schools of thought and looks in detail at all the great thinkers of the day, including Chaadaev, Belinsky, Herzen, Chernyshevsky, Bakunin and Tolstoy. This new book will provide essential reading for anyone studying nineteenth-century Russia. Lucid, accessible and immensely readable, it is a formidable achievement.
