Robert Pęczkowski : North American P-51D Mustang (Big Yellow Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised North American P-51D Mustang (Big Yellow Series):

This detailed monograph covers the design and development of the P-51D Mustang family, the main wartime production variant of this classic fighter. The P-51D model introduced the definitive 'bubble' canopy and heavier armament, and was the mount of many aces. After W.W.II the Mustang saw action again in Korea, and also served

with many other air forces around the world. This book contains:

- o Comprehensive technical details of the American built P-51D, P-51K and the Australian CAC Mustangs.
- o Numerous specially selected original NAA technical photographs
- o Production and service photos
- o A wide range of color profiles
- o Rare color photographs from W.W.II
- o Detailed photographs featuring modern highly accurate restorations, inside and out, and including under rebuild and servicing details.
- o Full plans in 1/72 scale Profusely illustrated with photos, including a comprehensive walk-around section showing all aspects of the airframe, and diagrams from official manuals. This book provides all the core technical details of the P-51D family in one compact, economical volume. Essential reading for aviation enthusiasts scale aeromodellers. 1/72 scale plans of all versions 30 color profiles. Second edition of the North American P-51D Mustang, ISBN: 978-83-89450-60-9

"This is a very thorough book about the P-51D and covers a lot of information about it. Highly recommended to aircraft historians and modelers alike." (AMPS Indianapolis) "...the book has an exhaustive section "In Detail", which includes close-up pictures of surviving examples, drawings from maintenance manuals and some artistic depictions of the airplane interior, including a great drawing of the instrument panel... I have no doubts this book is an excellent reference book on the late mark Mustangs. Profusely illustrated with BW and color pictures and 30+ color profiles this book is a source of inspiration for modelers. Highly recommended." (IPMS/USA) "In all, it makes for an outstanding reference for any Mustang enthusiast and some great reading and eye candy for the rest of us. It is a book that is well worth obtaining and is one that I have no trouble providing my highest recommendation." (ModelingMadness)
