Rick Baldoz : The Third Asiatic Invasion: Migration and Empire in Filipino America, 1898-1946 (Nation of Nations) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Third Asiatic Invasion: Migration and Empire in Filipino America, 1898-1946 (Nation of Nations):

1 of 1 people found the following review helpful. The Filipino experience in the USABy CustomerThe book was very

informative. I had no idea of the Filipino experience in the 1800 and 1900s it just blew my mind.

Winner of the 2012-2013 Asian/Pacific American Librarian's Association Book Award Winner of the 2013 American Sociological Association's Asia and Asian America Section Distinguished Book Award

This book provides insights on the foundational roles of race, labor, and immigration in U.S. history. Baldoz produces a gripping narrative of nativist efforts to socially isolate and exclude Filipinos along with Filipino attempts at refusing such efforts. It truly deserves a wide readership. --V. Rafael (American Historical)A richly documented text that provides a dynamic interpretation of the experience of Filipino Americans in the twentieth century. It is an important book for its contribution to the history of immigration and labor and for its sensitive treatment of the contested categorizations of race, nationality and rights. --J. Shih, Ethnic and Racial StudiesA scrupulously researched and compellingly argued work of historical sociology. Baldoz has an eye for the telling details that help to illuminate larger patterns of American empire, racial formation, and the politics of immigration. This elegant book makes a quantum leap by integrating Filipino and Filipino American scholarship and will surely become a classic in racial and ethnic studies.-Evelyn Nakano Glenn,author of Forced to Care: Coercion and Caregiving in AmericaRigorously argued and deeply documented, The Third Asiatic Invasion is an urgent and necessary book on how race and empire played out in the Filipino experience in America. Baldoz redefines how we should study race, moving beyond the banal assertion of race as a social construction to explain the continuous process of race and boundary making and remaking. Bravo!-Eduardo Bonilla-Silva,author of Racism Without Racists"Baldoz has made a difficult period in the Filipino American saga understandable." -M.P. Onorato,ChoiceThe Third Asiatic Invasion is a welcome change because it does not examine the assimilability of Filipino immigrants, but focuses on what their migration reveals about the racialized economic, cultural, and political foundations of the United States.... a well researched book.-Yen Espiritu (PHR)About the AuthorRick Baldoz is Assistant Professor of Sociology at Oberlin College.
