Ben Ammi : The Trinity Of Truth before purchasing it in order to gage whether or not it would be worth my time, and all praised The Trinity Of Truth:

Truth, the everlasting building block prescribed in the Genesis to maintain the adamic family. Truth is the only God authorized cure effective against the awesome battery of lies and the web of deception that have left modern man in

despair and confused.

About the Author Ben Ammi has boldly taken on the prophetic mandate to lead all men in word and deed back unto God. A co-founder of the Abeta Hebrew Cultural Center on Chicago's south side, he became one of the center's chief teachers, spokesmen, and organizers. Here he had the vision that an exodus of the Black man from the United States was inevitable, and indeed necessary, if true freedom was ever to be attained. In 1967, Ben Ammi's vision was realized when he led the exodus of 350 African Americans out of Chicago to Liberia enroute to Israel. In 1969, these pioneers made the historic move to Israel fulfilling prophecy. As spiritual leader and Father of the African Hebrew Israelites, Ben Ammi has become the first to successfully bring about the repatriation of African Americans. Ben Ammi's record of achievements demands the serious respect and attention of all.
