**Donald L Smith : The Twenty-fourth Michigan of the Iron Brigade (The Stackpole Civil War centennial series)**

before purchasing it in order to gage whether or not it would be worth my time, and all praised The Twenty-fourth Michigan of the Iron Brigade (The Stackpole Civil War centennial series):

It leaves out a lot of the emotions and opinions of Curtis and puts it into a straight historical context. Smith was a detective and his writing reflected that. I wish that Smith would have included more of the opinions and feelings of the men of the period. Smith seeded to have used Curtis' book as an outline and rehashed the events, and there is nothing wrong with that. I would recommend this book for anyone interested in the Civil War.
