Albert Bushnell Hart : The Underground Railroad from Slavery to Freedom: Wilbur (Classic Reprint) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Underground Railroad from Slavery to Freedom: Wilbur (Classic Reprint):

0 of 0 people found the following review helpful. Truly a treasureBy CustomerAmazing book. Remember its a copy of a historical text, it seems to be missing a page here and there. But it contains amazing detailed info about the

underground railroad and the history of slavery and abolitionist movements. 2 of 2 people found the following review helpful. Poor Choice Based on Limited Preview By Customer Not really what I was looking for. A better preview of the content would have been useful. I will donate it to someone who may benefit from it more than I have. 1 of 3 people found the following review helpful. Five Stars By BFSI needed to research The Underground Railroad and this book is superb.

Of all the questions which have interested and divided the people of the United States, none since the foundation of the Federal Union has been so important, so far-reaching, and so long contested as slavery. During the first half of the nineteenth century the other great national questions were nearly all economic taxation, currency, banks, transportation, lands, and they had a strong material basis, a flavor of self-interest; but though slavery had also an economic side, the reasons for the onslaught upon it were chiefly moral. The first objection brought by the slavepower against the anti-slavery propaganda was the cry of the sacredness of vested and property rights against attack by sentimentalists; but what dignified the whole contest was the very fact that the sentiment for human rights was at the bottom of it, and that the abolitionists felt a moral responsibility even though property owners suffered. -TH eslavery question, which in origin was sectional, became national as the moral issues grew clearer; and finally loomed up as the dominant question through the determination of both sides to use the power and prestige of the national government. From the moral agitation came also the personal element in the struggle, the development of strong characters, like Calhoun, Toombs, Stephens and Jefferson Davis on one side; like Lundy, Lovejoy, Garrison, Giddings, Sumner, Chase, John Brown and Lincoln on the other. (Typographical errors above are due to OCR software and don't occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.
