**Thomas Francis Galwey : The Valiant Hours** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Valiant Hours:

3 of 3 people found the following review helpful. GREAT READ!By John HooperExcellent first person account of life for foot soldiers in the Civil War. Too many books movies make war sound like fun not the terrible hell it really is. That Mr. Galwey did everything he did in one lifetime makes him a man who should be taought about in school. Everyone should know who he was.

An Irishman In The Civil War.
