M. S. King : The War Against Putin: What the Government-Media Complex Isn't Telling You About Russia before purchasing it in order to gage whether or not it would be worth my time, and all praised The War Against Putin: What the Government-Media Complex Isn't Telling You About Russia:

4 of 4 people found the following review helpful. An inside look at the history you aren't exposed to in the United States educational system By Customer Very interesting view into the modern state of political affairs involving Russia and the United States. 40 of 43 people found the following review helpful. It's all about the NWO, dummies! By Wikileaker For those who rely on the corporate news media that further the war aims of the New World Order, this book will open your eyes! Long story short: the Russian czars resisted the NWO crime families for centuries until they

succeeded installing their jewish/Bolshevik puppets and formed the USSR. The NWO was counting on the mantle passing on to Trotsky whenever Lenin exited, but instead got a rude surprise when Stalin took over. Comrade Joe wouldn't play ball -- the USSR was his personal kingdom and he wasn't taking orders. So the NWO made sure the Versailles treaty imposed such harsh terms on Germany that a second "War to End Wars" was inevitable (and to rub salt into Germany's wounds, recall that they NEVER surrendered! The Armistice was merely a ceasefire). And it didn't hurt the NWO's aims that the misery of the Great Depression (caused by their -- the "Fed's" contraction of the global money supply) set the stage for another Great War. Then they set up Hitler as Stalin's natural enemy/rival (along with their corporate servants like GM, IBM, Ford, Coca-Cola, etc.), and, as planned, they duked it out BUT Stalin came out on top. Foiled again! But the Cold War was just too lucrative a prospect for the NWO to pass up, so it was East versus West for the following 50 years. (proof positive this was the case was Eisenhower's failure to end the Cold War when Stalin gave up the ghost and Khrushchev softened the USSR's stance against the West. This was a golden opportunity for world progress but the evil Dulles brothers (NWO again) wouldn't permit it). Then in 1989 down came the Wall and two years later the USSR followed. The NWO sent in their jackals, imposed their "shock therapy" that sundered Russian society, then they got Boris Y. to give away state assets (property of the Russian people) to the bootlicking oligarchs. The NWO were well on their way to taking over the country when along comes Putin. Threw out the western "advisors" and jailed or marginalized the oligarchs. Putin returned Russia to the Russians. THAT is the reason Putin is now Hitler Reincarnated according to the corrupt western NWO-owned corporate-managed news media. Buy this book, read it, and think on it. King fleshes out this story with greater detail using historical FACT. He also tells the truth about what actually happened in Georgia, Ukraine, and Crimea. If you're one of the sheeple who consume broadcast news media (aka the NWO propaganda machine) this book will turn around your worldview in the right direction. Share it with any of your friends who care a damn about what's REALLY happening in the world! 13 of 14 people found the following review helpful. Mr. King has made some of the most astute ...By Maria Weiss Mr. King has made some of the most astute observations in regards to the bashing of Vladimir Putin. Putin seems to try to be a peacemaker and perhaps that is the real reason that he is being marginalized. Peace does not seem to be profitable. Alas, are we trying to start another war. A War which might just be the end of Humanity. Thank you Mr. King for trying to enlighten us.

In the West, politicians and journalists of all stripes have referred to Russian President Vladimir Putin as a "thug", a "tyrant", a "murderer", a "Communist", a "Nazi", the next "Hitler" and more. But amongst the Russian people, his popularity rating has reached levels as high as 85%. There is even a very popular hit 'disco' song about him - 'A Man Like Putin'. So, who's right? Why such hatred for Vladimir Putin? Is it justified? Or has Putin been targeted merely for standing up the US-EU Axis of Internationalism? In clear, simple, powerful and concise language - supported by more than 100 illustrations - 'The War Against Putin' takes readers on an exciting 'crash course' journey from Russia's Medieval founding, through the days of the Czars, through the Communist Revolution and bloody Civil War, through Stalin World War II, through the Cold War, through the Soviet collapse, through the Yeltsin disaster, and finally the Putin-led rebirth of the Russian nation. It is one of the "greatest stories never told", and will shed badly needed light on the new Russia, its dynamic leader, the dark forces aiming to bring about its demise, and maybe even World War III. Says Dr. William Carlucci: "I was glued to the edge of my seat with jaw wide open as I read this gem of a book from start to finish, in a single sitting. The clarity and simplicity with which King's masterpiece demystifies current events represents a rare ability to speak to the reader with entertaining and understandable prose. This piece really needs to go viral, and fast. 5 Huge Stars!"

About the Author M. S. King is a private investigative journalist and researcher based in the New York City area. A 1987 graduate of Rutgers University, King's subsequent 30 year career in Marketing Advertising has equipped him with a unique perspective when it comes to understanding how "public opinion" is indeed scientifically manufactured. Madison Ave marketing acumen combines with 'City Boy' instincts to make M.S. King one of the most tenacious detectors of "things that don't add up" in the world today. Says King of his admitted quirks, irreverent disdain for "conventional wisdom", and uncanny ability to ferret out and weave together important data points that others miss: "Had Sherlock Holmes been an actual historical personage, I would have been his reincarnation." King's other interests include: the animal kingdom, philosophy, chess, cooking, literature, history (with emphasis on events of the late 19th through the 20th centuries).
