They Rode With ForrestBy NBForrestFantastic book that contained histories of

every unit that ever served under Lt. Gen. Nathan Bedford Forrest. I was not aware of all the units that did until I got and read this book!

Meet the men who rode with the legendary leader! For the first time, a true accounting of all of the units that rode with Civil War leader Nathan Bedford Forrest is presented in this thoroughly researched work. Fascinating character sketches of important commanders and soldiers, along with an in-depth timeline tying their actions to major events, are pulled from both primary and secondary sources. Separate chapters cover troops from Alabama, Arkansas, Georgia, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Tennessee, and Texas. A well researched and annotated bibliography provides insight into source material.
