Though if you are looking for ancestors be mindful of misspellings. The author named a soldier as Lorenzo while the 1860 census his name is Lorensy. I did agree that it was a simple mistake as the writing is difficult to read. Also some didn't know how to read or write and often times a name is spelled how it sounded.0 of 0 people found the following review helpful. He was very pleased.By Darla Y.Bought this as a gift for my husband who is a history buff and working on his family tree. He was very pleased.
