If you are interested in the Korean Conflict, read this, then "The Coldest Winter" by Halberstam, and third, "The Forgotten War" (C. Blair Jr.) and you will be VERY well-informed about this conflict that too many know very little about - and where our soldiers died just the same. It will help comprehension of today's situation on the Korean Peninsula, too. I most highly recommend this one and "Coldest Winter".0 of 4 people found the following review helpful.
