**From Brand: Minnesota Historical Society Press : Through Dakota Eyes: Narrative Accounts Of The Minnesota Indian War Of 1862** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Through Dakota Eyes: Narrative Accounts Of The Minnesota Indian War Of 1862:

0 of 0 people found the following review helpful. not just some boring history book By Markiss Very interesting book...everything they leave out of history books. im currently still reading this..about 3 quarters of the way done. and

everytime i start reading i cant stop til i get tired after a couple hours. a must read if you are into history and/or from minnesota.0 of 0 people found the following review helpful. Excellent Book!By Retired CBPExcellent! A fresh perspective on the horrors of that ill-fated Dakota uprising. Reminding us that not only are there at least two sides to any story, there are often far more than a mere two. A VERY solid five stars!0 of 0 people found the following review helpful. Five StarsBy Larry C. RandenI like this book because it offers a Dakota perspective on the Indian War of 1862. Larry C.

"This volume brings together an invaluable collection of vivid eyewitness accounts of the Minnesota Indian War of 1862 and its aftermath. Of greatest interest is the fact that all the narratives assembled here come from Dakota mixed-bloods and full-bloods. Speaking from a variety of viewpoints and enmeshed in complex webs of allegiances to Indian, white, and mixed-blood kin, these witnesses testify not only to the terrible casualties they all suffered, but also to the ways in which the events of 1862 tore at the social, cultural, and psychic fabrics of their familial and community lives. This rich contribution to Minnesota and Dakota history is enhanced by careful editing and annotation."Jennifer S. H. Brown, University of WinnipegPraise for *Through Dakota Eyes*: "For anyone interested in Minnesota history, Native-American history, and Civil War history in this forgotten theater of operations. *Through Dakota Eyes* is an absolute must read. . . . an extremely well-balanced and fascinating book that will take its place at the forefront of Indian Historiography."Civil War News"An important look at how the political dynamic of Minnesota's southern Dakota tribes erupted into a brief, futile blood bath. It is also a vital record of the death song of the Dakota's traditional, nomadic way of life."Minnesota Daily"An appreciation for the diversity and complexity of Dakota culture and politics emerges from *Through Dakota Eyes*. . . . captures some of the human drama, tragedy, and confusion which must have surely characterized all American frontier wars."American Indian Quarterly

"Highly recommended for college, university, or public library collections specializing in the history of Native Americans, the frontier, or Minnesota." -- Choice"Will be welcomed by scholars focusing upon ethnohistory and by historians interested in the Minnesota frontier. A rich source of primary materials, the volume might be utilized as a supplemental text for classes in historical methodology." -- Minnesota History
