wonderful Historic Tours of San Gabriel. The San Gabriel History Aficionados uses some of the info mentioned in this book. We also tell our guests the name of this book with hopes of more people wanting to discover the great history of our area on their own.0 of 0 people found the following review helpful. Awesome ReadBy Customer KeithHave done informal fresh water sailing was familiar with some of the terms. Was able in a small way to experience the wind waves of a sailing vessel. This book helped me to appreciate what real sailing was about. A very informative enjoyable read. Highly recommended.0 of 0 people found the following review helpful. Real life on the seaBy jacksonA fantastic telling of the two years in a young person's life that turns him from a book-bound softy to a man's man. You have to get used to searching for the meaning of the true nautical terms in this world of the square-rigger, but it is worth the effort. It's a time when California is a foreign country, as uncivilized as darkest Africa (not Hollywood), and Cape Horn is as forbidding as the moon. Life is cheap in this world where the Captain has full power over everyone. This is all real--not fiction. Knowing that the author actually experienced the brutal years he describes is essential to fully appreciating this mesmerizing tale.

Tracing an awe-inspiring oceanic route from Boston, around Cape Horn, to the California coast, *Two Years Before the Mast* is both a riveting story of adventure and the most eloquent, insightful account we have of life at sea in the early nineteenth century. Richard Henry Dana is only nineteen when he abandons the patrician world of Boston and Harvard for an arduous voyage among real sailors, amid genuine danger. The result is an astonishing read, replete with vivid descriptions of storms, whales, and the ship's mad captain, terrible hardship and magical beauty, and fascinating historical detail, including an intriguing portrait of California before the gold rush. As D. H. Lawrence proclaimed, "Dana's small book is a very great book."

"Possesses . . . the romantic charm of *Robinson Crusoe*."--Ralph Waldo Emerson
