Army : U.S. Army Counterintelligence Handbook (US Army Survival) before purchasing it in order to gage whether or not it would be worth my time, and all praised U.S. Army Counterintelligence Handbook (US Army Survival):

7 of 7 people found the following review helpful. It is the actual Dept of the Army complete counterintelligence text.By AvatarThe book is the actual Dept of the Army counterintelligence hand book. It is a comprehensive text

covering all aspects of counterintelligence operations. It provides step by step training, diagrams, reports, tactics, techniques and procedures used by counterintelligence agents and analysts. It expands on the preceding and encompasses the complete instructions for all counterintelligence personnel. 0 of 0 people found the following review helpful. Five Stars By Rob Baker Great I've read it many times when I was active duty 0 of 0 people found the following review helpful. Five Stars By michael nacol great book; explains law and treason and all you want to know offline for CounterIntel.

The life of a counterintelligence (CI) operative has been immortalized in film and novels as being filled with glamour and excitement. While international travel, heroism, and danger are all part of the job description, the fundamentals of counterintelligence are discipline, skill, and—well—intelligence. CI operations include conducting investigations, offensive and defensive operations, security and vulnerability analyses, and intelligence collection in peace and at all levels of conflict to support command needs. This guide serves to inform commanders, agents, and analysts on how to identify, neutralize, and exploit any foreign attempts to conduct operations against the U.S. Army. Find out how CI operatives combat terrorism, create battlefield deception, and inform all echelons of combat of both real and potential threats from the U.S. Army's own guide to counterintelligence. The tactics, techniques, and procedures (TTP) outlined are the same instructions that CI personnel follow in the field. As the world becomes more interconnected and as technological advances continue to be made, proper CI techniques are exceedingly critical to the protection of the U.S. Army. Counterintelligence is not just the subject for an entertaining story, it is how peacekeeping, humanitarian, and counter-drug operations are carried out in this globalized world.

About the Author The U.S. Department of the Army is headquartered at the Pentagon in Arlington, Virginia, and authors *The Soldier's Guide*, *The Complete Guide to Edible Wild Plants*, *U.S. Army Ranger Handbook*, *U.S. Army Hand-to-Hand Combat*, *U.S. Army First Aid Manual*, *U.S. Army Weapons Systems*, *U.S. Army Special Forces Handbook*, *U.S. Army Guide to Boobytraps*, *U.S. Army Explosives and Demolitions Handbook*, *U.S. Army Special Forces Guide to Unconventional Warfare*, and *U.S. Army Special Forces Medical Handbook*.
