Great VolumeBy Andres C.Very interesting book about uniforms of the French Foreign Legion, concise but very well written by an expert in the subject, with an account of major actions of the Legion, plus detailed information about the uniforms and equipment of this fighting corps. Superbly illustrated by Mike Chappel.Recommended if one wants to start reading about the Legion.3 of 3 people found the following review helpful. An excellent book...By Marc _in_New_OrleansI bought this book because I was interested in FFL's colonial uniforms in Algeria in the early 1900's. The book surpassed my expectations. This book doesn't just give uniform details; the illustrations are outstanding. The narrative chapters also detail actions that will interest anyone interested in the FFL in other periods or skirmish gaming for the period.2 of 2 people found the following review helpful.
