Good resourceBy Matthew BaumgartnerThis is a wonderful source for uniform data for all the forces involved in the peninsular war, including all the minor states that contributed contingents to Napoleon's armies in Spain. Cannot recommend highly enough for miniature wargamers, or anyone interested in the subject of military attire generally.7 of 7 people found the following review helpful. EXCELLENT!!By Segelbootmann@hotmail.comUniforms of the Penninsular War is an excellent book. It contains lists of the orders of battle for every major battle. The plates are fantastic. The Imperial Guard looks just as ragged as a new regiment of conscripts. The information in this book is priceless for a wargamer!!!

The war on the Iberian peninsula, waged from 1807 until 1814, pitted British forces against those of Napoleon, and also involved troops from Spain and Portugal, as well as a large number of soldiers from other countries.
