**Stan Cook, R. James Bender : Uniforms, Organization and History of the LAH: Leibstandarte SS Adolf Hitler** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Uniforms, Organization and History of the LAH: Leibstandarte SS Adolf Hitler:

3 of 3 people found the following review helpful. Great Reading By Iva Buch This book which deals with the Leibstandarte from the period of 1933 to 1939 is a great introduction to the unit in question. It starts out as the personal bodyguard to Adolf Hitler and by the war's start has grown in numbers to a motorised regiment. The book is excellent for those who wish to know about the major leaders in the lead-up to the war, the daily routine, uniform and equipment which is shown in great photos, and the barracks in Berlin. I really enjoyed reading this book for the background information on this unit, it is the first of two editions by Bender the second is to deal with the war years. In fact I enjoyed it that much that I e-mailed the publisher as to when the second edition was coming out!. Overall a great read and well worth the money if you can find it. 0 of 0 people found the following review helpful. Uniforms, Organization and History of the LAH; Leibstandarte Adolph Hitler By J OF R xxx I agree with first reviewer. This is a good book on the formation and expansion of LAH. From 1924 to 1939. Just a wealth of information! Everything is covered in minute detail. My only bellyache is, no color plates and high price! And I don't know if VOL. 2 was ever published? [2014] Does anyone know if there was a VOL 2????? J...of....R xxx 0 of 0 people found the following review helpful. yes, but

what did he say Iva...By ayersrockIva's review should have gone on to give the result of the publisher's comment about Vol.2, and that is that it is unlikely to ever be published now.
